

# PIANO BARGAINS

That Are Worth Coming  
Down'ts See

Stop, Look, Read, Act Today! We Need the Money. You have it  
You need a piano in your home.

If you do not live in Salem a request will bring the news to your door, but the proper thing for you to do is to come in and see with your own eyes that we are selling cheaper. We know and you will mighty soon find out that our prices and our quality are just to the letter as advertised.

**WHY CAN WE UNDERSELL?** First, because we are connected with one of the largest concerns on the Pacific coast. Second, we are dealing direct with two of the largest factories in the east. Our connection with the Eilers Music House of Oregon gives us access to one of the strongest lines of pianos in the world, and our connection with two of the largest factories in the east places us in position to furnish you a piano direct from factory to your home.

**WHAT THE BUYING POWER OF THE EILERS MUSIC HOUSE OF OREGON MEANS TO YOU.** They are the largest dealers on the Pacific coast. They buy more pianos than all the rest of Oregon combined. SO, THE REASON IS VERY SIMPLE WHY WE CAN UNDERSELL.

## Now Than, If You Don't Believe What We Say

Just come in to our place of business and see what we have for you. LISTEN TO THIS—We have the Packard, Smith and Barnes, French and Sons, Strobber, Kranich and Bach, Chickering and Sons, Sehmer and Co., Bradley, Steger and Sons, Krehling, W. W. Kimball, the Eilers Bungalow Baby Upright Player Piano, the Auto-Player, and other makes of Player Pianos and Regular Uprights, the Baby Grand Chickering and Sons. There never was a piano house in the city of Salem that had such a line of fine instruments to offer the public as this house is offering now. YOU NO LONGER HAVE TO GO TO PORTLAND to secure a strictly high grade piano—the Valley Music House has placed them right at your door.

Look at This

Here It Is

A \$600 Player Piano in beautiful mahogany case; could be sold for new. This instrument is right up to date, is full 88-note, and has a tone you will have to hear to appreciate. And the price we ask is \$271.

## ORGANS

Some fine used Organs.  
Come in and make us a price.

A large size Upright, standard make; was sold for \$450; only slightly used. This one goes for \$198. These pianos are worth twice the price we ask for them, but we need the money, and to sell them quickly the price has to come down.

A DANDY—This one is a Kranich and Bach—cost \$500, and has not had very much use. Worth \$350, but we can sell this one for \$235 cash. If you knew what a bargain there is in this instrument you would not finish reading this ad until you had seen this piano. The case is a beautiful burl walnut, and a fine bench to match goes with it.

OUR PIANOS ARE NOT "GOOD CHEAP PIANOS." IT CAN'T BE DONE.  
THE KIND WE SELL ARE GOOD PIANOS CHEAP.

**WHAT DO YOU THINK OF THIS?** A real piano, with a keyboard, strings, hammers, case and everything that goes to make up a piano. All of this you get for \$65 if you have the cash. This is an upright piano and will make a splendid practice piano. It is in good condition. You will have to come early if you want this one.

**TAKE A LOOK AT THIS ONE—**A brand new guaranteed Upright Grand just from the factory—sold by some dealers for \$275 and \$300. We are selling this class of instruments for \$178. Easy payments.

**GUARANTEED BY THE MAKERS FOR TEN YEARS—**A beautiful Upright in English oak case, should sell for \$275. Only one of these left. It goes for \$143. Can't get any more at this price. Better take this one, if you are looking for a bargain.

## Valley Music House

C. F. HULL, Manager.

264 NORTH COMMERCIAL

**SPECIAL NOTICE.** We will trade a piano for a lot of mixed wood—Oak and Fir or Ash. Will have to see us at once.

### Spruce Lumber For Aeroplanes In Demand

Portland, Ore., Oct. 5.—A contract for 200,000 feet of clear spruce lumber to be used in aeroplane construction was entered into today between the British government and Spruce & Hart, timber brokers. The Atlantic Transportation company also participated in the contract, in that the lumber will be shipped to Great Britain in steamers it controls. The price was \$98.75 per thousand feet delivered.

The lumber will be shipped to San Francisco and there transferred to the steamer Manchuria which is scheduled to leave for the British Isles in about ten days.

The awarding of the contract brought into bold contrast the steamer freight rates existing before the European war and at the present time. When hostilities broke out the rate was \$15 per thousand feet of lumber. Now it is \$58.75.

### FEEL YOUNG!

It's Dr. Edwards' Olive Tablets  
For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowels back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. You will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

### WAR NEWS OF ONE YEAR AGO TODAY

The French war office declared that the ground lost by the allies between Chaulnes and Royes had been regained, and that important advances had been made on the right wing.

The London press bureau admitted that the Germans had made advances at Antwerp, but said that the situation in France was "satisfactory."

The German army headquarters announced that the French outflanking movement on the right wing had pushed the battle front north of Arras. Belgium moved its temporary capital from Antwerp to Ostend.

The Germans reported that two more of the Antwerp forts had fallen.

The Russian General Staff declared that the Germans had brought up reinforcements and had partially checked the Russian advance in East Prussia.

The British admiralty announced that a German torpedo boat destroyer had been sunk by a submarine.

The Japanese navy declared that the Japanese have sunk a German cruiser and two gunboats in Kiao-Chau bay. A Rome dispatch says that four Austrian torpedo boats and two torpedo boat destroyers were sunk in the Adriatic by mines.

The Germans officially announced their losses in killed, wounded and missing up to September 1, as 117,000. The total losses to date were 300,000.

### GROCERY BOY'S THREATS

San Francisco, Oct. 6.—Blackhand threats against Mrs. Belle Knight, and a demand that she leave \$200 at a certain place, "or you are a dead hen" turned out today to be the work of a grocery delivery boy, Guilio Grossi, whom Mrs. Knight had reprimanded.

### EXPOSITION CLOSURES DEC. 4

San Francisco, Oct. 6.—In response to thousands of inquiries as to whether the Panama-Pacific exposition would be continued after the original date for closing, December 4, 1915, President Charles C. Moore, today formally announced that the exposition will not be held open after December 4. Moore said this statement is made without reservation, and may be accepted as final.

### NEW STEEL COMBINE WITH BILLION CAPITAL

Midvale Steel and Ordnance Co. Files Incorporation and Start Rumors

New York, Oct. 6.—A new chapter in steel combinations, as great as that of the United States steel corporation fifteen years ago is being written here according to rumors in Wall street today. News of the incorporation of the Midvale Steel and Ordnance Company with \$1,000,000,000 capital, had scarcely been received when another gigantic combine backed by Charles M. Schwab and Henry C. Frick was reported. This combine the reports said, will bring together the Pennsylvania Steel company and the Bethlehem Steel company with perhaps the Cambria Steel company thrown in for full measure.

The Midvale combination has as its

### DON'T SUFFER—LAUGH AT STOMACH MISERY

Daniel J. Fry Will Return the Money  
If Mi-o-na Does Not Relieve  
Dyspepsia.

Among all the remedies in Daniel J. Fry's popular drug store, there are few that he is willing to sell on a guarantee to refund the money if they do not cure.

Mi-o-na, the famous dyspepsia remedy has helped so many of his customers that Daniel J. Fry says, "If this remedy does not relieve you, come back to my store and I will cheerfully return your money."

Anyone who has dyspepsia, indigestion, headaches, dizzy feelings or liver troubles, should take advantage of this chance to be made well without any risk of spending their money to no purpose. Mi-o-na will relieve you, will regulate the digestion, will enable you to eat what you want. If it does not do all this it will not cost you a cent.

Daniel J. Fry has sold hundreds of boxes of Mi-o-na in the last few weeks and has yet to receive the first complaint from any customer. Such a record is simply marvelous and speaks volumes for the merit of the remedy.

It is easy enough to fill a column with the symptoms afflicting those who have dyspepsia, but there is no need of describing their condition. What they want is relief and they can get it in Mi-o-na. Do not suffer a day longer with disordered digestion. If Mi-o-na relieves you it costs you 50 cents a box, if it does not, you have Daniel J. Fry's personal guarantee to return your money.

backers the Rockefeller-Corcoran group. Supporters of the big combine plan are said to force not alone the immediate vast profits of "war orders," but also a demand for steel products after the war, unprecedented in American history.

## Red Sox Look Better

### Compared Man For Man

New York, Oct. 6.—Taken individually, player for player the Red Sox look better than the Phils in the coming world series clash. However, the Braves of last year proved the utter futility of individual comparisons, so here they are—take 'em for what they're worth: PHILADELPHIA.

**First Base.**  
FRED LUDERUS—Veteran of the old Philly team, and rated one of the best first sackers in the game. His tremendous hitting strength makes him always dangerous. He led the National league in hitting this year. Came to Phils in 1910 from the Cubs. Taken all around, he's a bad man in a pinch or out. Late batting averages show him hitting around .320.

**Second Base.**  
BERT NIEHOFF—Came to Phils last year from Cincinnati, where he was going good, but he and Herzog couldn't get along. Has played second in excellent form this season, although he hasn't hit very well. Late averages show him around .240.

**Third Base.**  
BOBBY BRYNE—Veteran of Fred Clarke's old pennant winning Pirates of 1909, although only 30 years old. Clarke traded him to Philadelphia in 1913 in the deal for Dolan. Rated average fielder, but weak with the stick. Hit slightly over .200 this season.

**Shortstop.**  
DAVID RANCROFT—One of the real finds of the season. Came to the Phils from Portland, Oregon, in the Coast league, where he was a sensation. Is a lightning fast fielder and a dangerous hitter, late averages showing him around the .290 mark. Is only 23 years old and bats from Chicago.

**Left Field.**  
GEORGE WHITTED—Came to Phils during last winter in trade for Sherwood Magee, from Boston Braves. Made a good showing in last year's world series. Late averages show him hitting around .275.

**Beals Becker**—Has been shunted around a great deal, having seen service in Cincinnati, New York, and elsewhere. Was formerly rated one of the most dangerous hitters in the National league, but has fallen down this season somewhat. He is now hitting around .250.

**Center Field.**  
GEORGE FASKERT—A veteran of many hard campaigns, who came to Philadelphia from Cincinnati as part of the famous deal which sent Lombardi and Beebe from the same club to Philadelphia. Rated a good fielder, but has fallen off in his hitting the past two years. This year's averages show him hitting around .240.

**Right Field.**  
CACTUS CARAVATH—Noted principally for his home runs. Broke National league record this season, and is noted as one of the hardest hitters in baseball. Is a veteran, 35 years old, and batted .280 this season.

**Pitchers.**  
GROVER CLEVELAND ALEXANDER—The best pitcher in baseball, at the present time, and one of the greatest the game has ever known. His work this season classed him with the immortals, as he has won over 30 games. Practically 90 per cent of Moran's hope of winning the championship rests with Alexander. Came up from Indianapolis in 1910, and won a good fielder, but has fallen off in his hitting the past two years. This year's averages show him hitting around .240.

**ERKINE MAYER**—Famous for his under-delivery. Mayer came to Philadelphia in 1912 from the Portsmouth club of the Virginia state league and made good right off the bat. Has been of great aid to Alexander this year in keeping the Phils in the lead. He has worked in thirty odd games this year and has won most of them. Generally selected to pitch the second game of the series.

**GEORGE CHALMERS**—A hard luck pitcher, and a good one. Chalmers was one of the sensations of 1909 and '10, but injured his shoulder and has been out of the game until this season. This year he came back, and has had fair success. To his credit it must be said he lost a lot of hard luck games this season. Chalmers went south with the Giants this spring and then went back to his old love—the Phils.

**AL DEMAREE**—The tall cartoonist was one of 1913's best pitchers with the Giants. Is a curve ball pitcher with fairly good control. Had a bad season last year which prompted McGraw to let him go. He won more than half his games this season.

**EPPE JETTHA RIXEY**—One of the tallest men in baseball, standing 6 feet, 5 inches. Rixey came to the Phils in 1912 from a Virginia school, and has pitched with varying success. This year he has won in twenty odd games, winning half of them.

**GEORGE McQUILLAN**—Secured by Philadelphia from the Pirates in mid-season. McQuillan has been an in and out, having been up and down all through a fairly long career. It is not likely he'll get a chance in the series.

**Catchers.**  
BILL KILLIFER—The man who leaped into fame as "The Killer" case. This year Bill has been the best catcher in the league, barring possibly, Snyder of the Cards. Bill has a throwing arm second to none, and batted this season around .345. Bill was up with the Browns once, but went back, and was finally secured by the Phils. He became a regular in 1912.

**ED BURNS**—Second string catcher, and a good one. Came up in 1911 from Tacoma, Washington to the St. Louis Cards, but was shipped to Montreal from where the Phils grabbed him. Throws fairly well and bats around .230.

**Utility.**  
OSCAR DUFFY—Member of last season's champion Braves who came to the Phils in the Magee deal. Regular position is third. Hits about .350. MILTON STOCK—Stock came from the Giants where he was tried out several years. The Phils got him as a part of the Lobert deal. Stock has worked in 60 games this season and batted in the neighborhood of .260.

**"BUD" WEISER**—Outfielder, secured from Charlotte in the South Carolina league. Has been used almost wholly as pinch hitter or runner. Moran thinks he has a corner in him.

**BOSTON.**  
**First Base.**  
DICK HOBLITZEL—Plays first when Red Sox are working against a

right-handed pitcher. Good man, hits well and fields his position exceptionally well. (Came to Red Sox from Cincinnati Reds last year. Hit over .300 last season. This year's late averages show him batting about .275.

**DEL GAINOR**—Works against the southpaw pitchers. Came to Boston from Detroit. Had a good season this year, working in over 70 games for a batting average of around .290.

**Second Base.**  
JACK BARRY—Connie Mack's former prize shortstop, and member of the \$100,000 infield. Ranked probably best second baseman in the league excepting Eddie Collins. This is his first year at second. Veteran of several world series, though young in years. Came to Boston this spring when Mack sold out. Hit around .245 this season.

**Third Base.**  
LARRY GARDNER—Only infielder left who was member of the champion Red Sox of 1912. Has slowed up somewhat since 1912. Gardner has played all his professional ball for the Red Sox going there seven years ago when he got out of Vermont university. Late averages show him hitting around .275.

**Shortstop.**  
EVERETT SCOTT—One of last year's finds. Scott has few superiors at fielding his position, although he is woefully weak at bat. That he has been able to hold a regular's job while hitting around .200 is a tribute to his work. Came to Boston two years ago from St. Paul. Is still a youngster and hails from Bluffton, Indiana.

**Left Field.**  
DUFFY LEWIS—With Speaker and Hooper he composes what has been termed the "best outfield in the world." Is a veteran of the 1912 champions, an exceptionally good fielder and a good hitter. First attracted attention in California where he played with the Alameda team. Came to Boston six years ago and has been there ever since. Hit this season around .295.

**Center Field.**  
TRIS SPEAKER—Speaker shares with Ty Cobb the title of being the best player in baseball, and needs no introduction. He has no superiors, not even Cobb, at fielding, although the Georgian outshines him at bat and on the bases. Has been with Boston eight years, and has hit above .300 most of that time. This season he batted around .325, and is the pivot of the Red Sox attack.

**Right Field.**  
HARRY HOOPER—A fit running mate for Speaker and Lewis, although weaker at bat. Hit around .240 this season. Hooper is Boston's lead off man, and is fast on the bases.

**Pitchers.**  
DUTCH LEONARD—Generally conceded to be the best southpaw in the game. Came to Boston several years ago, and always has been a brilliant performer. Hung up the best record in the American league last year for effectiveness, as he allowed only one and a fraction runs per game. Has been one of Carrigan's most dependable pitchers this season, finishing with an average of over .700. Some critics have selected Leonard as the man to face Alexander in the opener, although the majority favor Shore.

**GEORGE POSTER**—One of the smallest and most effective pitchers in the American league this season. Much of the Red Sox success this season has been due to this diminutive mound man. He has worked in thirty odd games of which he has won twenty. Practically certain he will face Phils in one or more of the battles.

**ERNIE SHORE**—One of the latest pitching finds, and a good one. Shore came up from the old Baltimore club, when Jack Dunn sold out, and won a regular berth right away. He has been one of Carrigan's premier pitchers this season, and is favored in some quarters to pitch the opener. This year he won about 20 games. His 1-0 defeat of De-

### Clears Away Pimples

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is safe, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. Zemo, Cleveland.

troit in that 12 inning tussle in which the Red Sox really won the pennant will long be remembered.

**BASE RUTH**—Like the three other Boston pitchers, Ruth has been one of the most successful chukkers in the league this season—a .700 workman. Ruth is a left hander, and besides being a pitcher of far more than ordinary ability, he has the distinction of being the best batter among the pitchers in the league. He hit above .320 this season.

**RAY COLLINS**—Collins has a varied career—last year he won a lot of games and was rated one of the best chukkers in the circuit, but has fallen down this season. He has worked in only a few games, splitting about even.

**VEAN GREGG**—Gregg is a veteran of the old Cleveland team which made such a good showing in 1913. Has worked in few games this season, and is not expected to get a fling at the Phils in the coming battle.

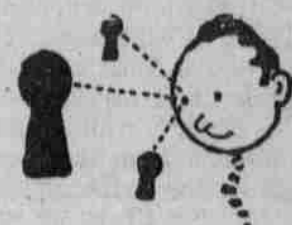

**Catchers.**  
FOREST CADDY—Boston has three catchers, of whom Caddy is as good as any, and somewhat better at batting. He slugged this year around .245.

**HARRY THOMAS**—Can be rated an "average" catcher. Fields well, throws well and bats around .235.

**BILL CARRIGAN**—The Red Sox boss himself. Time was when Bill had few peers at working behind the bat, but he has slowed up of late years, although still a good man. Hit only a little over .300 this season.

**Utility.**  
HAROLD JANVIRN—Janvirn is a youngster, who has played infield positions with varying success. He is inclined to be somewhat erratic, which led to his being benched. Hits around .280.

**HEINE WAGNER**—Carrigan's first lieutenant, has slowed up, but still is a bad man because he knows a lot of baseball. He and Carrigan form the strategy board which took the Sox to a pennant.

Sam Sly is looking through all the keyholes in town for point 7.

You'll find the key to the solution by chewing Sterling.
